

The Campagnolo® site is a mine of constantly updated information.

Campagnolo.com is graphically very attractive, easy to use and full of information: it covers products, technical information, corporate news and the press office.

But the most important aspect is the updating: Campagnolo.com is a living site. Each section changes, grows and is enriched with new content daily.

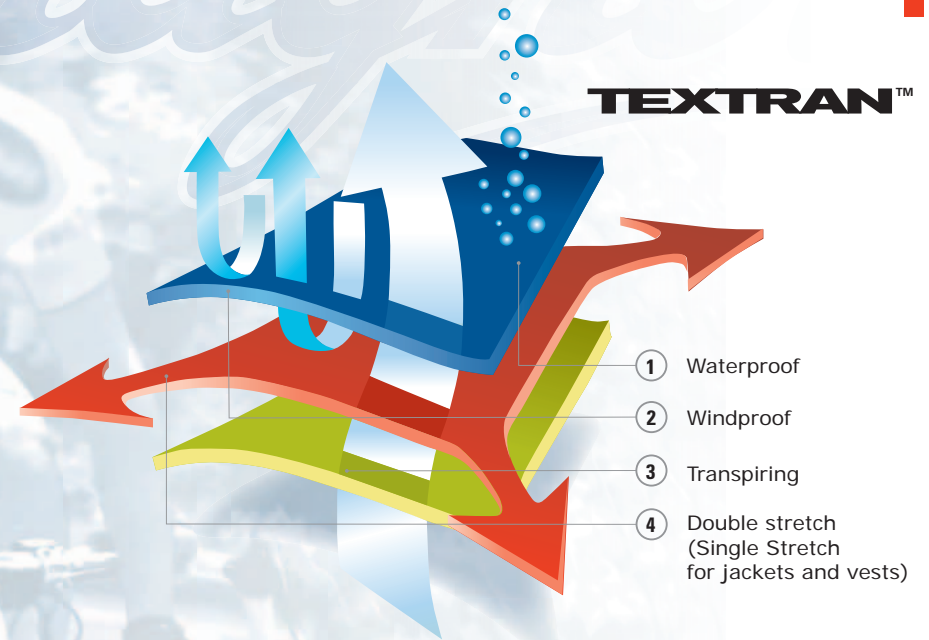

## Cycling Apparel Collection Fall Winter 2006

# Campagnolo

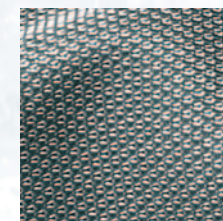

## The Ultimate Textile Technology For Transpiring Performance Apparel

**TEXTRAN™**

TEXTRAN™ is produced with state of the art technology for transpiring textile. The result is a double stretch waterproof and windproof material that guarantees the highest comfort.

This innovative material, result of our exclusive research, is available in two different versions:

**TEXTRAN THERMO**  
Thermo TEXTRAN™  
for winter garments

**TEXTRAN LIGHT**  
Light TEXTRAN™  
for summer  
garments

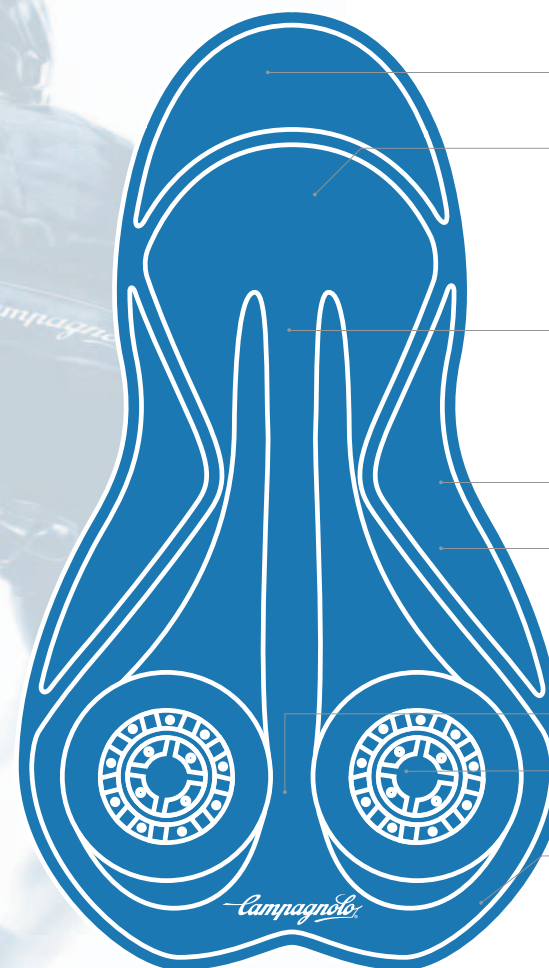

TEXTRAN™ is a registered trademark of Campagnolo Cycling Apparel

# ACS<sup>TM</sup>

## AirCushionSystem<sup>TM</sup>

*Air Cushion System<sup>TM</sup>*

- A TOP PROTECTION**
- B EXTERNAL MICRO FIBER, WITH EXCELLENT MOISTURE VAPOR EVAPORATION**
- C SEPARATION CHANNELS AND CONCAVE LOWER END**
- D THREE LAYERS:**
  - 1 Thicker Foam layer**
  - 2 Middle layer with Air Cushion**
  - 3 Stitching area with Elastic flat stitching, to reduce friction**
- E SEAMLESS**
- F ARCHED WINGS**

**ADVANTAGES:** 1 -Ergonomic Concave shape

2 -Shock Absorption

3 - Lighter (then foam or gel)

4 - Active air ventilation

**PATENT PENDING**

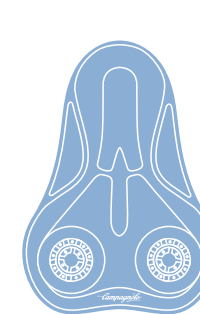

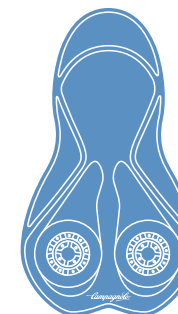

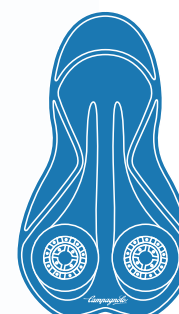

*Developed by  
Campagnolo Sportswear  
Research Department*
